Update:

To update current equipment, simply click anywhere in the row of the equipment you want to edit
and an update equipment box will pop up, allowing you to modify it.

Delete:

The delete button will delete the corresponding equipment from the equipment list. It can be
accessed after clicking on a piece of equipment in the table.

Clear:

The clear button will clear all fields in the box. Only use the feature if you are planning on changing
all values for the specific equipment (including Equipment Name)
